Continental Board Member for Oceania

Dear International Federation and Climbing colleagues,

I am writing to express my interest in the position of Continental Board Member for Oceania.

With over 20 years of experience in Information Technology, specialising in digital security and risk management, I have consistently delivered business outcomes through collaboration, innovation, and leadership. Currently serving as a member of the Continental Council, I have cultivated a deep understanding of the regional context and geography, which I believe will be valuable in this role.

My professional journey has equipped me with a strong foundation in governance, stakeholder management, and relationship-building. My dedication to digital resilience and secure IT environments I hope was evident in my contributions to the Risk and Finance committee, where I guided discussions on managing sensitive information and bolstering digital trust.

In addition to my technical expertise, I bring a proven track record in building trusted relationships and engaging with diverse stakeholders. I am passionate about advocacy and governance, and I am committed to promoting diversity and inclusion within the organisation. My unique blend of skills and experiences positions me well to contribute to the federation's mission, particularly in leveraging digital advancements to enhance the sporting experience.

I am excited about the opportunity to bring my expertise to the Continental Board Member role for Oceania and to work collaboratively with other board members to drive the federation's strategic initiatives forward.

Thank you for considering my application. I look forward to the possibility of discussing how my background, skills, and experiences align with the goals of our International Sporting Federation.

Sincerely,

Stephane David
